

FULTON *Awards* 2024

NOMINATION FORM

TERMS & CONDITIONS OF NOMINATION:

- Each nomination shall be for a single structure/initiative or part thereof situated or developed in one location within the SADC region. Nominations must be made with the approval of all the relevant principal parties concerned.
- Each project/initiative must be completed or substantially completed between January 2022 and December 2023. Substantially completed means that at least 80% of the total value of the concrete works portion of the project would already have been claimed for in the last payment certificate for the project in the 2023 calendar year.
- Based on the information supplied in the nomination, the judges reserve the right to reject any nomination that, in their opinion, is not eligible for further adjudication. A shortlist will be compiled by the judges of nominations that they consider eligible for judging, upon which formal submissions have to be prepared according to the Terms & Conditions of the Submission Procedure and in the prescribed format.
- The judges will be drawn from the Built Environment Sector - a concrete materials specialist, an architectural concrete specialist and a professional engineer with concrete experience.
- The closing date for nominations of projects / initiatives is close of business on Tuesday, 31 October 2023.

THIS FORM TO BE COMPLETED ELECTRONICALLY – HANDWRITTEN FORMS ARE NOT ACCEPTABLE

Title of _____

Location: Town, Province & Country _____ Total m³ of concrete used in project: _____

Date of substantial completion: 80% of concrete work _____

Category in which project is entered:

- BUILDINGS UP TO R50 MILLION VALUE:** Use of concrete as the principal construction material, demonstrating an exceptional structure, design principles, construction techniques, surface finishes or particular detail, in an aesthetic manner. E.g. office buildings, residential, schools, commercial, factories, warehousing, industrial, etc.
